The Pink Monogram custom jewelry line: After years of offering monogrammed items, The Pink Monogram now has its own line of custom jewelry. To create our beautiful line of monogrammed jewelry, we have taken our favorite designs and added a personalized touch which is classic and timeless. Our custom made pieces will come in a special little box with a tag saying "TPM" so you will know that you have the best quality pieces at the best prices. We will make sure every item shows your personal style! We will also be happy to help you create a one of a kind piece. Please email us with any questions. Celebrities everywhere are wearing Monograms and Nameplates! Do you need larger orders for groups? We will be happy to give you a quote on any of our hand engraved pieces or our hand cut monograms.

What makes our pieces unique? All of our pieces are hand crafted, not machine cut, which gives them smooth edges and allows for a graceful design flow which cannot be achieved in machined pieces. Engraving is done deeply by hand to ensure it will last. Our pieces were designed based on my personal favorites to which I have added an extra personal touch, allowing me to share something personal with you. I hope you will enjoy wearing your one of a kind piece as much as I enjoy designing for you.

Best Wishes, Monica
